

COMBINATION HUNT IN WIERZCHLAS

Popular state-owned district with a good population of wild boar, red deer and roe deer. It is on just this very district we started our popular combination hunts. Good standard, charming accommodation with a cosy atmosphere, with the forester's very hospitable family. Super meals.

Hunt suitable for everyone

No special fitness requirements

Accommodation in a cabin

Combination Hunt

Spot-and-Stalk Hunt

HIGHLIGHTS & DESCRIPTION

Combination Hunt in Wierzchlas

Combination Hunting in Poland

Quiet, informal, cozy and cheap. A real hunter thrives best in the company of good friends!... Combination hunts are a popular combination of small driven hunts and individual hunts during the autumn and winter. Normally a small driven hunt for groups of 5 -7 guns are arranged in the mornings, while afternoons are spent on individual hunts.

These hunts often produce very decent results and are always very enjoyable of spending time in the company of your hunting friends.

We have access to a wide range of the very best State Forest Districts in western Poland, of which the vast majority offer top quality hunting. These State Forest Districts all have well trained, experienced and very responsible hunting personnel, who all have a job connected to the district.

The hunt starts with a briefing around dawn, where the head gamekeeper tells about how the hunt will progress, and inform you about the safety procedures during the hunt. Normally our combination hunts take place over 4 days and include 3 days hunting,. Typically 5-7 guns are needed to adequately cover the drives.

The small driven hunt will carry on until midday, then each hunter will be assigned his own guide and resume hunting in the form of stalking after hinds or wild boar.

This form of hunting is a quieter alternative to large driven hunts. The return per hunter is, as a rule, slightly higher than on a driven hunt and comradeship - because of the

HIGHLIGHTS

- District 11.773 hectares in size
- Annual shooting quota: 138 wild boar, 100 stk. red deer, 77 stk. roe deer
- Up to 8 combination hunts annually – alternatively small driven hunts can be arranged
- Charming accommodation in the middle of the district

group's more modest size - more close. Generally it is also possible to buy meat at very attractive prices.

Many groups book their hunt together year after year with their regular hunting comrades. You can hunt on a fixed price package, or following the price-list, depending on what the group prefers. But take care - you can quickly become addicted to these hunts.

ACCOMMODATION Accommodation - Wierzchlas

Accommodation is provided in the district at a newly renovated forest ranger's house, hosted by the hunting manager Patryk and his family. Patryk speaks good English. The catering is excellent and highly praised by our hunters, and the atmosphere throughout the hunting stay is characterized by comfort and hospitality. The guest area on the first floor consists of 2 double rooms, 1 triple room, and 1 single room, all with their own bathroom and toilet, as well as a lounge area. On the ground floor, there is an additional double room. Meals are served in the basement. There is access to a locked garage and cold storage. Wi-Fi and mobile coverage are available.

PARTNER RDLP Torun

08

We have worked together with the Regional Direction of State Forests in Torun –the Regionalna Dyrekcja Lasów Państwowych we Toruniu, or in everyday language the RDLP Torun – for the last 21 years, and before that Wilson Jagtrejser (which later became Diana) worked together with some of the districts. Our partnership includes 8 state forest districts, and we have long term agreements with all 8 districts. Of the rest (= 19) of RDLP Torun's total of 27 districts, the hunting is let out to various Polish hunting associations. Some of the districts lie in the "Bory Tucholski" – Poland's biggest forest complex.

In common for all the state-owned districts under RDLP Torun, which was established in 1925 and is one of the oldest regional directions, is good, professional and stabile game mangement, with each district having it's own speciality. Some of them stand out because of their fantastic stag hunts, others because of their well organized driven hunts - while some districts can simply do it all. More information given under the individual districts and we will of course be happy to provide more detailed information via telephone or email.

When hunting in a state-owned district accommodation is normally provided in the hunting district itself – and not in a hotel in town. In this way our customers can enjoy a "total experience". The game is usually taken back to your accommodation so your hunting companions can join the celebrations. In some districts you can lie in bed at night and listen to the red deer stags roar during the September rut.

A hunt on one of the districts under RDLP Torun is clearly a good choice!

HUNTING AREA Wierzchlas

Our Wierzchlas hunting district covers a total area of 11,773 hectares, of which 7,068 hectares are forest, while the remaining 4,705 hectares consist of agricultural land, meadows, and wetlands. The forest is primarily coniferous, with scattered oak and birch. The area is mostly flat, with some gently undulating terrain, numerous larger and smaller lakes, and water holes. Wierzchlas has more than 100 high seats, as well as 30 feeding places. Up to 5 hunters can hunt at a time for roe deer bucks and red deer stags on individual hunts, while popular combined hunts can be arranged for 6-8 hunters.

The district has excellent populations of red deer, but it also offers good roe buck hunting. Additionally, there are wild boar and a small population of fallow deer. Every year, around 30 roe deer bucks are shot. Trophy-wise, most of the bucks weigh under 300 grams net, but some bucks are harvested weighing over 300 grams, with some even over 350 grams. The annual red deer quota is 28 stags, most of which have a trophy weight of 4.5-6.5 kg. However, stags weighing over 7 kg are also shot each year.

Currently, no fallow deer are released for hunting. Wild boars are

still present at Wierzchlas, and they are hunted both on individual hunts throughout the season and on driven hunts/combined hunts during the autumn and winter months. The driven hunts are typically arranged for groups of 6-8 hunters, combined with individual hunting.

The combined hunt works as follows: at around 8:00 am, after a hearty breakfast, the day begins with driven hunts featuring small drives of varying durations. Around 12-1 pm, the driven hunt concludes, and hunters return to the accommodation for a break and lunch. Each hunter is then assigned a hunting guide for the rest of the afternoon and evening, which is spent on individual hunting. If the weather permits, wild boar hunting may continue into the evening – note that it is legal to use night vision for wild boar hunting. The parade will typically consist of a mix of red deer, wild boar, roe deer, and foxes, and the district expects shots to be taken at the game that comes forward to achieve a satisfactory result (though not necessarily stags).

Accommodation is provided in the district at a newly renovated

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krossteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with then new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of smalland medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised, Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails -and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
